Your day.
Page by page.

Calendar, tasks, contacts and notes.
The feel of a paper organizer. Your data stored locally.

Free. Open source. No usage limits.

Week view from the official handbook

Task view from the handbook

Plan your week.
Keep your tasks in sight.

Calendar

From workdays to family visits, keep your appointments in view.

Tasks

Write down what needs doing and check off what you have finished.

Contacts

Keep important people and their contact details together.

Notes

Capture thoughts and information in the same place as your plans.
